## Nelson Will Be Campaign Chief For LaFollette

Two Committees Will Be Organized to Direct Battle and Manage Finances

EKERN MAY BE APPOINTED

Progressives Plan to Raise Funds Through Voluntary Contributions

Washington, D. C.—Organization of the committees which will play a vital part in the coming presidential campaign is engaging the attention of those who are directing the LaFollette-Wheeler candidacies. One committee, to be composed of eleven members will have general charge of the campaign while the other will handle finances.

The campaign committee will have Representative John M. Nelson of Wisconsin as its chairman with headquarters in Chicago where he now is directing campaign activities.

Five members will be selected by Senators LaFollette and Wheeler, and the others will represent the Conference for Progressive Political Action which endorsed the candidacies of both.

The finance committee will be made up of two sections—one representing LaFollette and Wheeler, the other the conference.

Indications are that Attorney General Ekeren of Wisconsin will head the one section and Alexander Kahn, and Henry H. Rosenfeld of New York will be in charge of the other.

Members of the finance committee will devote their energies to the raising of a campaign fund through contributions from organizations and individuals affiliated with the conference. The other group will seek aid from the public generally.

All of the money will be turned over to the Nelson campaign committee for expenditure. Various methods of raising funds, among them a proposal to call on organized workers to contribute part or all of a day's pay are under consideration but a definite program has not been worked out.

The estimate of those in charge of the campaign are that at least two million dollars will be needed to finance all of the organization work and campaign activities and that the money should be raised through small voluntary contributions. With no immediate campaigning in sight, Senator LaFollette and his running mate continued informal conference Monday with each other and with various advisers. A month or more probably will elapse before each does any extensive speech making.

At present it is planned to make a vigorous appeal for votes in the east in the early stages of the campaign. Senator LaFollette probably will speak in New York city and perhaps at one or two other points east of Chicago. Tentative plans also are for an invasion by Senator Wheeler of Massachusetts, industrial sections of New England and such states as Pennsylvania and Ohio before he swings westward on an extensive speech making tour.

ALLIED CHIEFS CONFER ON DAWES DEBT SCHEME

London — Premier MacDonald of England Monday morning conferred for two hours with Premier Herriot of France, Finance Minister De Stani of Italy, Premier Theunis of Belgium and Ambassador Kellogg of the United States regarding ways and means of obtaining an agreement between the delegates of the inter-allied conference on the enforcement of the Dawes plan.

## Fifty Seven Drown As Jap Vessel Sinks

Tokyo — Fifty-seven persons were drowned when the Nippon Yusen Kaisha freighter, Matsuyaka Maru, foundered off Goto island near Kyushu, July 11, according to report received here Monday from the Kobe office of the company.

The freight was an old vessel without radio and carried no passengers. The last port made by the vessel was Keelung, Formosa, from which it sailed for Yokohama on July 9.

## HUGHES LEADS U. S. LAWYERS IN VISIT TO ANCIENT HALL

Three Thousand American and Canadian Delegates Welcomed to England

London — With ceremonies elaborately planned by many centuries of usage, nearly 3,000 American and Canadian lawyers Monday were welcomed to England in ancient Westminster hall, whose walls have stood while 30 kings and queens have come and gone.

Striking the keynote of the visiting delegates' pleasure over the cordiality of their welcome, Secretary of State Hughes pointed out that he and his fellow lawyers of the United States came with no political ends to serve, no differences to compose and no policies to advance except that of understanding and good will.

The ceremony was both dignified and colorful. The visiting lawyers and their families crowded the main auditorium, while on the platform stood wigged and robed rows of king's counsels and delegations of Canadian and American lawyers, the latter including Mr. Hughes and Associate Justice of the United States Supreme Court George Sutherland and Edward T. Sanford.

The English attorney general assisted the chancellor and presented the guests and members of the American Bar association, R. W. Dribbin, president of the Law society and James Aikens of Canada added short welcoming addresses. The chancellor then delivered his official address of welcome.

The remarks of the American secretary of state were received with great enthusiasm. The sober garb of the American statesmen contrasted strangely with the colorful costumes of the British lawyers. His address was also interrupted by applause.

Justice Sutherland also made a short response to the address of welcome. Monday afternoon the lawyers given to be guests at a garden party given by Lord and Lady Phillimore.

## GIRL IN RIVER FIGHTS RESCUER 20 MINUTES

New York — John O'Reilly, a rookie policeman, had his initiation in rescue work Sunday and it was sufficiently vigorous to satisfy John. A girl who described herself as Sylvia Fuchs, 18, stenographer, and who said she was desperate because her fiancé had heeded his parent's demand that he give her up, jumped into the East river. John threw off his coat and went in after her. Sylvia insisted on carrying out her schedule and fought with O'Reilly for 20 minutes before he got her ashore.

## BATH HOUSE RAID BRINGS NEW YORK THUGS \$2,500

New York — "Bath house bandits" are the newest to appear in New York's criminal field. Seven armed robbers Monday motored to the Second bath, a seven-story building, where 25 patrons were sleeping and, at the point of revolvers, held up the cashier, broke open the safety deposit boxes and escaped with loot estimated at \$2,500.

United States Addresses Serious Note to Teheran Government Asking Probe

Teheran, Persia—Developments in the investigation into the killing of Robert Imbrie, American vice consul held to indicate that parts at least of the Persian government's protective forces failed in their duty in defending his life when he and Melin Seymour, another American, were attacked by a fanatical mob last Friday, have caused anxiety here and the diplomatic body is addressing a serious note to the Persian government, it was said Monday.

The assault occurred in a crowded thoroughfare and although it is declared that numbers of armed police and soldiers were present it does not appear that a shot was fired in defense of the victims.

The Mejlis, the Persian parliament, in open session expressed its sorrow and profound horror at the crime and urged the government to pursue the investigation relentlessly. Many arrests have been made among civilians.

## RADICALS PLAN CAMPAIGN TO AID BOB IN INDIANA

Conference Is Scheduled at Indianapolis for July 26 and 27

Indianapolis, Ind.—Plans for carrying on the campaign in Indiana in behalf of United States Senator Robert M. LaFollette of Wisconsin, as an independent candidate for president of the United States will be outlined here Saturday and Sunday, July 26 and 27, at a meeting of his followers. The executive committee of the Indiana Progressive Political Action league has been called to meet Saturday, July 26, by its chairman, C. G. Maury.

On the following day a mass meeting of Indiana supporters of the Wisconsin senator will be held. The Indiana league is affiliated with the National Conference for Progressive Political Action which met in Cleveland, July 4 and 5, and endorsed Senator LaFollette for president. One of the most important matters to be taken up at the meeting Saturday is the question of independent candidates for offices under the constitution and the president. There will be no independent candidates for state offices, league members state, but they anticipated that endorsement will be given some of the candidates of the two major parties.

## U. S. MAKES CLEAN SWEEP IN TENNIS

Olympic Stadium, Colombes, France —The United States has made a clean sweep of the five Olympic tennis titles. Vincent Richards and Francis Hunter defeating Henry Cochet and Jacques Brugnon of France in the men's doubles and R. Norris Williams and Mrs. George Wrightman winning the mixed doubles titles from their American rivals, Vincent Richards and Mrs. Marion Z. Jessup in the last two final matches Monday. America rolled up 55 points, which included five first places and one second place, while its nearest rival, France, had a total of only 23 points.

## SMALLPOX MAY RESULT IN INTERSTATE QUARANTINE

Washington, D. C.—Warning to health officers throughout eastern states urging stronger precautions against smallpox was issued Sunday by Surgeon General Cummings as a result of a severe epidemic at Pittsburg and in other cities. Interstate quarantines may be necessary if the disease continues to spread, according to Cummings. A general campaign of vaccination was advised.

## NEGRO FATALLY SHOT IN ATTACK ON OFFICER

West Bend—Elmer Lyndon, 25 years old Negro, died Sunday morning after being shot in the abdomen by Night Policeman Lemke early Saturday morning. Lyndon was creating a disturbance and when told to quiet down attacked the officer with a pair of pliers.

## "Dad" Visits White House

The Coolidge family poses on the White House lawn for the first time since the arrival of the president's father (seated on left) who came for his first White House visit following the death of Calvin, Jr.

## Pair Of Bootleggers Taken At Camp Douglas

Camp Douglas—Gordon DeWitt and Frank Weber, both of Madison, are under arrest charged with violation of the prohibition act as the result of activities here during last week. The arrests came when two members of a Madison company reported to assistant General Ralph Emmett that liquor was being sold to guardsmen.

The men were arrested while seated in a small automobile in which it is alleged a quantity of alcohol was found and some moonshine liquor. When arrested the men said they had come to Camp Douglas from Madison where they obtained their supply, and intended to dispose of it and return for more.

The men made known the location of the Madison source. The two men, under guard of a state prohibition officer, were sent by train to Madison Monday where they will be held under federal care.

"I shall not turn this case over to civil authorities," General Emmett announced. State officers, members of both houses of the Wisconsin legislature, members of congress, Senators Robert M. LaFollette and Irvine L. Lenroot, labor and farm organization representatives, representatives of women's clubs and other civic and social organizations were sent individual invitations by Adjutant General Ralph M. Emmett Monday to be the guests of the Wisconsin National Guard on its exhibition day, known as Governor's day, Thursday of this week.

## NEGRO ADMITS SLAYING THREE, WOUNDING FOURTH

Memphis, Tenn.—Charles Barr, Negro, confessed Saturday, according to police, to murdering three white people and wounding a fourth early last year in two roadside murders that have been unsolved for many months.

## THIEVES GET \$1,000 IN GEMS FROM RACINE HOME

Racine—Thieves entered the home of S. H. Freeman, wealthy manufacturer here, Saturday night while he was at Eagle lake with his wife, stealing jewelry valued at \$1,000. The police also are investigating robberies at two other residences.

Baraboo — Mr. Kettel, the rattlesnake hunter, has on exhibition at Kilbourn, for the benefit of the tour, lets more than 100 live rattlers, which he captured in various parts of the state. Mr. Kettel makes it his business to kill rattlesnakes for their oil and skins.

## Defense Changes Plea To Guilty And Agrees Pair Deserves Prison

### AGED WOMAN IS FATALLY HURT ON WAY FROM CHURCH

Marinette—Mrs. Bertha Gourbine, 70, was fatally injured when struck by an automobile driven by a son of P. De Gayer here Sunday morning, just after she was leaving a church where she had been attending services. Mrs. Gourbine was picked up and rushed to the hospital but was dead before it was reached.

## Democrats Cut Time Allowed Coolidge To Plan Campaign Talk

### Democratic Candidate Retires To Wilds of Maine to Rest Before Plunging Into Fight and to Get Perspective.

BY ROBERT T. SMALL  
Copyright 1924 by the Post Pub. Co.  
New York—John W. Davis, candidate of the Democratic party for the presidency, has gone to the wilds of Maine, where he will not only get a good rest before plunging into the campaign, but where he believes he can also get a better perspective on the situation which confronts him.

He may remain in seclusion for two weeks or more, for now that the notification ceremonies at Clarksburg have been fixed for Aug. 11, there will be no need for him to hurry back to town.

The Democrats feel they have made a shrewd move in having their notification three days before the Republican ceremony at Washington. At first it was proposed the Democratic function should be held about Aug. 1. Then came the announcement of the Republican date and the Democrats decided to delay their ceremony accordingly. It has been announced that President Coolidge would reply to the Democratic "keynote" to be uttered by Mr. Davis. If the Democrats had adhered to their first plans, the president would have had a full fortnight to consider and frame his reply. As matters stand, however, he will have to defer the preparation of his speech until three days before its delivery or else go ahead without any reference to the position to be taken by the Democratic candidate.

### WORK SIMULTANEOUSLY

Most of those who know Mr. Coolidge will believe he will choose the latter course so the two leading opponents in the campaign are expected to be at work simultaneously upon their addresses of acceptance.

Both addresses are likely to be pitched upon a high plane. There will be no personalities in the coming fight so far as the principal figures are concerned. Mr. Coolidge is not that type of man. Neither is the Democratic standard bearer. The personality of each man is expected to have a distinct bearing upon the result but there is a vast difference between personality and personalities. The speeches of acceptance will be amplifications of the party platform. Mr. Coolidge's views are fairly well known. Therefore, the greater public interest is likely to center in the Davis address for the country is looking for a clear cut expression of just where he stands on many public issues.

President Coolidge will have a number of difficult obstacles to surmount in his address. The Republican platform makers at Cleveland had to step rather lively in turning some of the sharp corners. Mr. Coolidge will have the same difficulties that the platform makers had in dealing with the record of the last congress, the leaders of which did so much to thwart the executive program. The general impression seems to be that Mr. Coolidge will appeal to the country to give him a congress with which he can work. It is possible, of course, for the Republicans to get a working majority in the house, for all the members of that body must come up for reelection in November. But the ease of the senate seems hopeless. It will take years to get some of the recalcitrants out of that body. If ever it is rid of them.

Just how Mr. Davis is expected to make a most telling attack upon the Republican record. He will attempt to show that President Coolidge was either unable or unwilling to force his will upon congress and that legislation was possible only through Democratic and Progressive channels. He will argue that if the Democrats

## ENTIRE COUNTY MOURNS DEATH OF JUDGE PAGE

All Places of Business Will Be Closed When Body of Notable Is Interred

Elkhorn—Every place of business in Walworth co. will be closed during the funeral of Judge Jay W. Page at 1:30 Tuesday afternoon. No hall or church was felt to be large enough to accommodate the people who so generally express their sorrow over his death. Seldom is a man given such a tribute by his community and the funeral will be held among the oaks of the court house park with the Masonic ritual. M. O. Mount, attorney of Janesville, will deliver the eulogy and the burial will be in the Page lot in the little old cemetery at Honey Creek beside his parents.

Jay Page, a Democrat, was elected county judge of Walworth, one of the strongest Republican counties in the state, by a vote of 6,911 in a total of 9,144 at the spring election to fill a vacancy caused by the death of Judge Jay F. Lyon. Governor Blaine had appointed Charles Morrissey to the place and the candidate was defeated by Judge Page. When the appointment had been made there was serious protest and the voters carried it to the election. Judge Page took office June 2. It was known that he was ill and that even then he might never live to fill out the term.

## GRAIN MEN OFFER HOLDINGS FOR SALE

Thirty Six Companies Would Sell Out to Farm Bureau Federation

By Associated Press  
Minneapolis, — Thirty-six grain companies of the northwest Monday offered to sell their entire holdings, including 1,062 country elevators in Minnesota, North and South Dakota and Montana to the American Farm Bureau federation.

These holdings also include 22 terminal elevators in Minneapolis and 12 in Duluth with the total elevator capacity approximating 65,000,000 bushels, according to the grain companies' announcement.

The offer was made in the letter to O. E. Bradford, president of the farm bureau federation and one of the leaders in the new grain handling company recently incorporated in Illinois to take over five of the largest grain firms in Chicago.

are given control of congress as well as the presidency, the country may look for cohesion at Washington and a general spirit of pulling together for the welfare of the country.

## AGREE TO ISOLATION

"We are of the opinion that these two young men should be permanently isolated and it never was our intention to attempt to restore them to freedom."

"We must consider in this case the standpoint of the public who are rightfully interested in the proceeding. It necessarily would take a great deal of time to choose a jury, especially at this hot season of the year."

"We have considered a change of venue from this county. It seems plain that it would be difficult to have a fair trial here because of the intense feeling aroused by the crime, but in my practice of 37 years as a lawyer on Chicago, I have advised but one change of venue and that was at the advice of my client and against my own convictions."

"Moreover the facts in this case are as well known outside of Cook-co and outside of Illinois as they are in Chicago."

"It is our intention merely to see that these two defendants are safely incarcerated for the rest of their lives," Darrow said. "Therefore, I move to withdraw the plea of not guilty."

# SCHAEFER AGAIN IS PRESIDENT OF SINGING SOCIETY

Appleton Delegation of 100 Makes Impression at Marinette

About 100 Appletonians joined in the festivities of the saengerfest at Eastern Wisconsin Singing district at Marinette Saturday and Sunday. Of this number 47 belonged to Appleton Meenerchor, which is a part of the district. It is estimated that at least 2,000 persons were in Marinette to take part in the festival.

The Appleton group left Saturday morning on a special train and was greeted at Marinette station and then taken to the armory where lunch was served. The Appleton people made their headquarters at the Marinette hotel. In the afternoon part of the time was devoted to mass rehearsals. At the business session all old officers were re-elected for another term. O. W. Schaefer of Appleton is president of the district, which includes the territory bounded by Sheboygan, Merrill, Milwaukee and Marinette. Merrill was selected for next year's festival.

**SING AT DINNER**

Saturday evening a big banquet was held in the armory and the Appleton society sang several numbers. The men's choir sang a song under the direction of Peter Jacobs and the mixed choir sang a number and responded with two encores. The Appleton men staged a comedy number, "Die Halbe Lunge" (The Half Lung) that provided much amusement.

Sunday morning business men of Marinette gave the visitors an auto ride to one of the parks at Menominee, Mich. In the afternoon the delegates and singers paraded to Bay Shore park at Marinette where the singing festival was held. The Appleton group looked attractive, the women carrying Japanese umbrellas and the men dressed in white.

**CHORUS PERFORMS**

At the park the choirs sang separately and en masse. The local society was well received and was given much applause.

In the evening the local singers, after returning to the hotel, were persuaded by hotel guests and officials to give a concert in front of the hotel. Crowds gathered around the hotel and the impromptu concert pleased the audience. The return trip was made Sunday night around 11 o'clock.

Congressman George Schneider of Appleton was one of the speakers. These who drove up in cars were Congressman Schneider, Mr. and Mrs. Edward Hussner, David Muench, Fred E. Bachman, Henry Alfieri, Frank Stadt, Mrs. John Kraft, Mrs. Mike Schmidt, Miss Marie Stark, Miss Allie Seidl, Mr. and Mrs. Paul L. Sell and Mr. and Mrs. Charles Schimpf.

## BIRTHS

## PEG LEG IS SAFE FROM YOUNG BANDIT'S HANDS

Chicago—Doyle M. Williams has justified his faith in his wooden leg. Just as two predatory young men were about to hold him up he hid a \$12 bank roll and his diamond ring in his artificial member. Outmaneuvered, the bandits obtained a 50-cent stickpin and 30 cents in change, which they returned.

## START HOUSE AT SUNRISE; FINISH IT BY SUNDOWN

Starting and completing a cottage between sunrise and sunset was a record made by J. Beau-leau, 770 Foster-st., at Lake Winnebago Saturday. The feat was accomplished with the aid of 12 men. The cottage is located between Waverly and Brighton beach, and the lumber was hauled to the site on an interurban flat car.

## 150 POSTMASTERS AT CONCLAVE HERE

About 150 postmasters of third and fourth class postoffices of the state will convene in Appleton Tuesday for a two-day session. It is the annual convention of the Association of District Postmasters, but the Appleton postoffice is not included in the association.

Mayor John Goodland, Jr., will extend the glad hand to the postmaster in behalf of the city. An address of welcome also will be delivered by Postmaster William H. Zuehlke of Appleton. The business sessions will be held in the vocational school, and convention headquarters will be in the Conway hotel.

## BUILDING PERMITS

**CONSTRUCTION UP TO JULY 19**

Total costs	\$1,371,193
Costs this time, 1923	1,235,000
Total residences	85
Residences, July 19, 1923	165
Garages	147
Garages, this time last year	209

Home building has dropped to such an extent that it is now one half of the mark of last year at this time. Fewer garages also are being built than last year. Many of them are two-car garages. Construction costs, however, are ahead of last year.

Only one building permit was issued on Saturday by George E. Peotter, building inspector. The applicant was Oliver C. Tenal, 1064 Alvin-st., who intends to build a basement, make an addition and build a garage.

## KING OF NEWSIES SENT TO BASTILE

Jack Lloyd Forgot His Own Instructions Long Enough to Get Drunk

The tour of Jack Lloyd, "king of newsboys," was interrupted Monday morning by Judge A. M. Spencer who ordered the veteran news vendor to spend the next 40 days in the county workhouse, following his arrest Saturday evening on a charge of drunkenness.

Lloyd had been touring from city to city offering his services to newsboys by teaching street newsboys how to sell papers. Coming here from Oshkosh where he had rendered similar services, Lloyd was engaged to give Appleton newsies a few pointers.

Getting drunk on a bottle of moonshine and then while under the influence of liquor accosting several small girls were not in the regular course of instructions, he declares.

## DUTY OF CHURCH IS TO END WAR, DR. PEABODY DECLARES

### Growth of Christian Conscience Gives Church Its Opportunity

The growth of the Christian conscience has given the church its duty of leadership to prevent war, Dr. H. E. Peabody, pastor of First Congregational church, said in his sermon on "The New Conscience Concerning War" preached in his church on Sunday. Dr. Peabody said war is suicidal, and from the point of view of cooperating nations, it is unnecessary and wrong. The minister said he is not an unconditional pacifist, believing in military defense and preparedness needed for our country, and holding that the greatest assurance of security lies in the Christian conscience and the cooperation of nations.

His sermon, in part, follows: "The new conscience concerning war is our subject. It might have been more accurate to say, The growth of conscience concerning war, because the conscience of Christendom grows through the years and the centuries. It comes to include new things, and wider areas of conduct. For example, during the last three or four centuries we have gradually come to count certain practices wrong, which before, practically everybody, even the church, approved or condoned. Some of these things were torturing witnesses in court to make them tell the truth, burning witches, quelling, and the coercion of the individual conscience in religion; and in recent years human slavery and the legal inferiority of women. All these evils have been swept away, against the protests of sincere conservatives who have said, 'On these things belong to human nature. It is visionary and useless to try to abolish them. They have always been and always will be, till men become saints in the millennium.'"

"Yet they have gone or are going. And a score of other evils that we now tolerate or do not even recognize as evils will be swept away, before the kingdom of God will fully come on the earth."

**NEW VISIONS OF TRUTH**  
"New visions of truth, liberty and salvation keep rising to our conscience, as the constellations rise above the eastern horizon at evening. And one great truth, bright and clear, Arcturus, which Christian men are beginning to see now, is that War is unnecessary and is wrong."

"The church of God, as a giant awakening from sleep, is rising and speaking out its new conviction. The Presbyterian assembly, representing over a million church members, officially declared last May:

"This assembly pledges itself to outlaw war. The church refuses to believe that wholesale slaughter of human beings on the battle field is morally any more necessary to man's highest development than is killing by the individual."

There are over six million Methodists in America. At their recent general conference in Springfield, Mass. this sentiment was voiced: 'war's continuance is the suicide of civilization. Secret diplomacy and political partisanship must not draw men into the dilemma of deciding between support of country and loyalty to Christ. We hold the cause of peace dearer than party allegiance, and we shall tolerate no dilatory or evasive attitudes on the part of those

who represent us.' Nearly a million Congregationalists too have seen the new 'Star of the East.' One of their recent conferences officially pronounced after long debate, 'We declare our determined and increasing opposition to the whole war system. As Christians and as patriots, we believe that this is the most urgent moral and political issue before American citizens today. We demand that our public servants provide without delay adequate international machinery, which men of good will can use to secure and maintain world peace.' Similar to these were the resolutions of the National Baptist Convention last month, and there are over four million Baptists in our country. The American Legion knows what real war is. Its organ, the American Legion Weekly recently said editorially, 'Let us reveal the horror of war, and teach the truth that war is the blackest, least excusable, most damnable crime against man and God Almighty.' Major General John F. O'Ryan has said, 'I should be a traitor to my country if I did not do everything in my power to abolish war,' and he added 'The American people can end war in our time, if they get on the job.'

"Such truths as these were never before uttered with passionate conviction by organized millions of men. Truly a new constellation has risen in the East upon the Christian conscience."

"These principles demand that governments and diplomats mend their ways. But there are partisan politicians and militarists who are trying to suppress these convictions of the American Freeman. They have a rubber stamp which conveniently takes the place of arguments or facts. It reads 'bolshivism,' and they stamp these principles as propagated from Moscow. They have no more to do with Moscow than with green cheese on the other side of the moon. These convictions are a new insurance to human nature. It is visionary and useless to try to abolish them. They have always been and always will be, till men become saints in the millennium."

"I am not an unconditional pacifist, but one who believes in the minimum military defense and preparedness needed for our country; yet one who believes also that our greater assurance of security lies in the Christian conscience and in the cooperation of the nations."

"The church of God has shaken off its lethargy. It has prayed and thought deeply in the last ten years on this most complex moral problem. It is thinking it through. It is honestly ashamed that it had no guiding word of moral authority to prevent the last war. But it is rising in the name of Christ to prevent the next one. You would deem it a reproach, if it did not so rise. I therefore assure you to give earnest heed to the moral leadership of the church in the coming months and years in this great cause."

"And now, as one critical step in that leadership, the Church recommends a candid reconsideration of war, of the whole war system, by the Christian conscience. It recommends it now especially because the international situation today is different from that of former years in two respects. First war has become suicidal. Second, the Christian conscience now sees that, from the point of view of cooperating nations, war is unnecessary and wrong."

"Your church has no special call to prove the new fact that war is suicidal. The facts of the new strategy of aeroplanes, poison gas and disease germs can well be set forth by others. They make clear that our country is in far more danger from war itself than from any hostile nation. Now why be diverted from that fact? Why let political managers lead us round by the nose into spending our taxes, our energies and our votes on other things and

lesser issues? If prevention of the next war fails, nothing else matters. 'But it is the second new thing in the international situation part of the church its duty of leadership.' Namely this, that the Christian conscience now sees, as it has never seen before, that, from the point of view of cooperating nations, war is unnecessary and wrong. We shall steadfastly keep this point of view, because it is the Christian point of view."

But take heed. Just here is the parting of the ways. Here comes a man, patriotic and sincere, who says to us, 'No, look at it rather from the point of view of America surrounded by enemy nations.' 'My brother,' we reply, 'we will not neglect your point of view, which is the 'jungle' point of view. But our main reliance is on the other view-point because that was Christ's point of view.' But at this statement our friend loses interest. His main reliance is on guns and poison gas."

"He relies, also, on isolation. In vain we remind him of the Chester Concessions of last year, by which a syndicate of American capitalists, mostly oil men, with the tacit approval of our government, obtained formal concessions from the new Turkish government. We show him that the Americans undertook to build and operate over a thousand miles of railroad in Asia Minor on a 99-year lease, to develop a seaport on both the Black Sea and the Mediterranean, altogether involving an investment of two and a half billion dollars. In return we are given the right to develop and use the Mosul oil fields, the mines and other resources of that region to the estimated value of over twenty billion dollars."

But still our friend will not believe that American isolation today is a myth. He still relies on isolation and on force with which to fight our neighbors."

"But we return again and again and always to the other point of view and declare that from the point of view of cooperating nations war is unnecessary and wrong, besides being futile and suicidal. We quietly insist. We will not be diverted. We will not be hoodwinked any longer. Our Christian conscience sees more clearly and sees further than it used to do."

As Christian patriots we insist upon the stronger defenses for our country. And we believe that its best security will be found along two lines: first, by building up international cooperation and second, by demanding the rights of the Christian conscience against war. In demanding these rights we shall be marching under the banner of the truest patriotism. The Methodists of Springfield voiced the sacred rights of all of us millions of American Christians when they said, 'Neither our motives nor our loyalty must be impugned when we say we must finish by methods of peace the war to end war, in which our dead heroes gave their lives,' and when they add, 'Governments which ignore the Christian conscience of men in time of peace cannot justly claim the lives of men in time of war.' It is unjust for the United States Senate to pig-ear-hole and ignore the petitions of millions of Christian patriots, and then ask the church to 'rubber stamp' and pray for any war that they may lead us into."

Thank God that these things are beginning to be clear to the American Christian conscience. Victor Hugo said, 'There is nothing so mighty on this planet as an idea, when its hour has come.' And the hour of this idea this Christian ideal, has struck. Hurrah! we are breaking through the old clouds and darkness. We will no longer allow stars and Thor no longer are servants of Christ, and 'we will

## Raising Carp For Market Is Profitable Business

Although not a native fish, the carp have become so abundant in the waters of Fox River and Green Bay that growing and selling them has become a profitable industry. The carp pond at Big Suamico, started a few years ago, has increased in size until now it is a veritable lake, containing approximately 200,000 pounds of carp. The pond is an artificial stream dredged across an elbow in the Suamico river and is supplied with water by that river on both ends. The carp originally were caught in the bay by fishermen and placed in the pond to breed and grow. At present it is filled to capacity and plans are being made to enlarge it.

**SHIPPED ALIVE**  
On Monday, the shipping day, activities begin about 3 in the morning when the men run the first seine and round up about 15,000 pounds of fish and start to load them. Monday's shipment is sent to New York for the Jewish market. They are shipped alive in tank cars by express and are kept alive until sold. In the shallow end of the stream the fish are so thick that a stone could not be tossed into the water without hitting one of them. They lie on the bottom sunning themselves until disturbed and then the water is a mass of churning, flapping fish, flopping over each other in an attempt to get away.

**25 TONS IN NET**  
The pond is only about three feet deep and the men wade out into the

stream equipped with waders and drag the net across the pond. Then it is pulled in at both ends and fastened and the men get into the shallow water with a huge dip net and lift the fish from the net into boxes where they are rushed by truck to express cars where they are put in ice tanks. One seine full has been known to net as high as 50,000 pounds of fish and individual fish as heavy as 25 pounds have been caught. The fish are so large that it takes three men to lift one dip net of them into the boxes.

**FED ON CORN**  
While carp are the scavengers of the fish family, the carp from the pond are considered good eating because of the fact that they are fed on corn and are kept in clean water. Although carp are very large fish their appetite must be small because they are fed only at the rate of five pounds of corn to a ton of fish. It is not good to feed them more than that, the experts say, because they will not eat it, and the corn will sour the water.

## CATHOLIC WOMEN MEET AT DEPERE

Appleton women will attend the retreat at St. Norbert college at West De Pere, which is to be held, Aug. 10 to 11. The Missionary Association of Catholic Women has arranged fifteen retreats for ladies to be held during the summer months at various places in the mid-west, and which are open not only to members of the association, but to others who are interested. The interest taken in these events is indicated by the fact that 2,200 women have attended the retreats arranged by the association during the last few years. A retreat was held at St. Norbert last year and was so successful that Mrs. George Botkol of Green Bay, president of the Green Bay diocesan branch, arranged to have it held there again this year. Mrs. Botkol and Mrs. F. J. Rooney, Appleton, have charge of registration.

## Name Elsnor Chairman Of C.E. Hosts

Heads of Committees Are Selected for District Convention Here

Willis Elsnor was elected chairman of arrangements for the annual convention of Green Bay district Christian Endeavor union at a meeting of the convention committee at the First Congregational church Sunday afternoon. Dates are to be Aug. 29, 30 and 31 and the sessions and district dinner will be held at Memorial Presbyterian church.

Five representatives from each of the Appleton Christian Endeavor societies are on the convention committee. They are from the First Congregational, Memorial Presbyterian, Emmanuel Evangelical and First Reformed churches.

Chairmen were selected for various subcommittees and they are to be: Publicity, Miss Dorothy Small; registration, Miss Ruth Dawes; reception, Harry Leith; banquet, Mrs. Blanche Kubitz; entertainment, Roger Bond and Miss Nanna Johnson; recreation, Miss Lucille Elsnor, music, Miss Vivian Veli; ushers and finance, Harold Finger; decorations, Miss Margaret Meyer; flowers, Miss Lillian Weymouth; Junior Christian Endeavor, Miss Elizabeth Bond. These chairmen were instructed to select their own members for the committees. Miss Catherine Langille is the committee's secretary.

Tentative outline was made of the preparation work and more positive plans will be made at a meeting set for Aug. 3. The opening session of the convention will be on Friday evening, Aug. 29. Some of the larger cities which are expected to send good delegations are Appleton, Green Bay, Seymour, Kaukauna and Shiocton.

## WEDDINGS

Miss Calla Marion Griswold, daughter of Mr. and Mrs. Dan Griswold of Dale, Wis., was married at 12 o'clock noon on Saturday, July 19 to Leonard Stacker son of Joseph Stacker of Green Bay. The wedding took place at the home of the bride's parents, with the Rev. Hall of Fond du Lac officiating. Miss Jessie Griswold, sister of the bride, was bridesmaid and Carl Feldhausen was best man to the bridegroom. The couple will live in Green Bay where the bridegroom is instructor in manual training in Green Bay West high school. They will be at home after Sept. 1, when they will return from an auto trip. About a hundred relatives and friends were present at the wedding dinner and reception. Out of town guests were: Mrs. Edwards, Mrs. D. E. Will, Mr. and Mrs. E. A. ## New Head Of Club Coming Next Month

The rapid growth of Appleton Women's club has made necessary the addition of another executive who will relieve voluntary workers of many duties. The new executive, who is Miss Lucy Helen Pearson of Chicago, will arrive in Appleton about the middle of August to take up her work as general director of the club and advisor to all departments. Department heads or their work will not be disrupted in any way by Miss Pearson's coming.

When the need for a general director was felt the women appointed a committee to look into the question and report results to club at a special meeting. Miss Pearson was chosen at that time.

Miss Pearson has worked in Chicago for a number of years and is the organizer of the Student Fellowship movement, which now has over 5,000 members in Chicago and has been extended to all parts of the country.

## LODGE NEWS

Catholic Order of Foresters will hold a meeting Tuesday evening at 7:30 at Catholic home. Routine business will be transacted.

# SUBMARINES OF U. S. NAVY NOW CARRY AIRPLANES

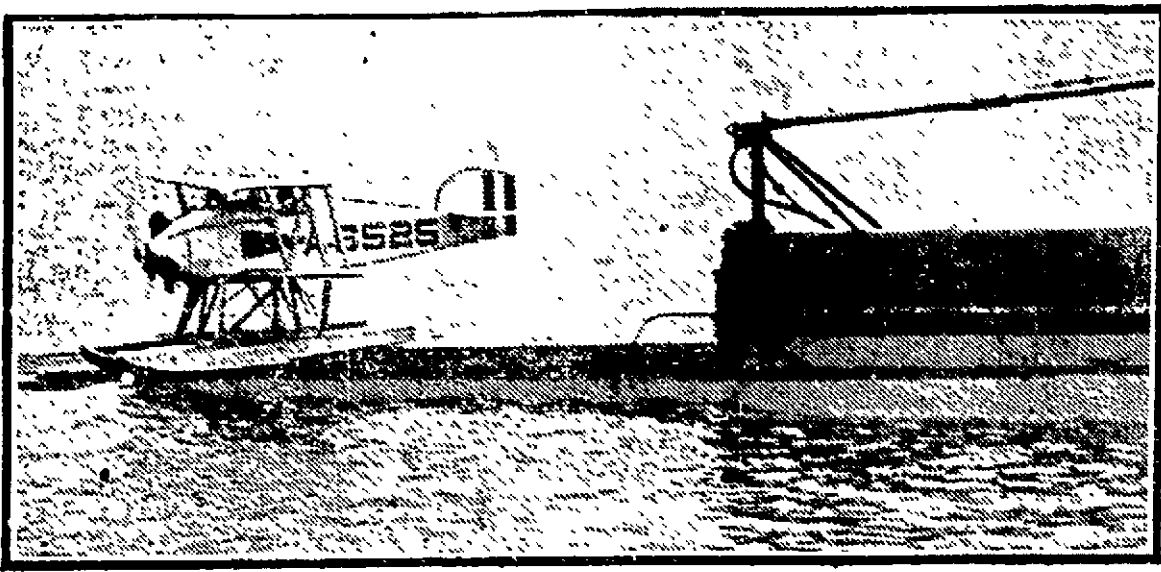

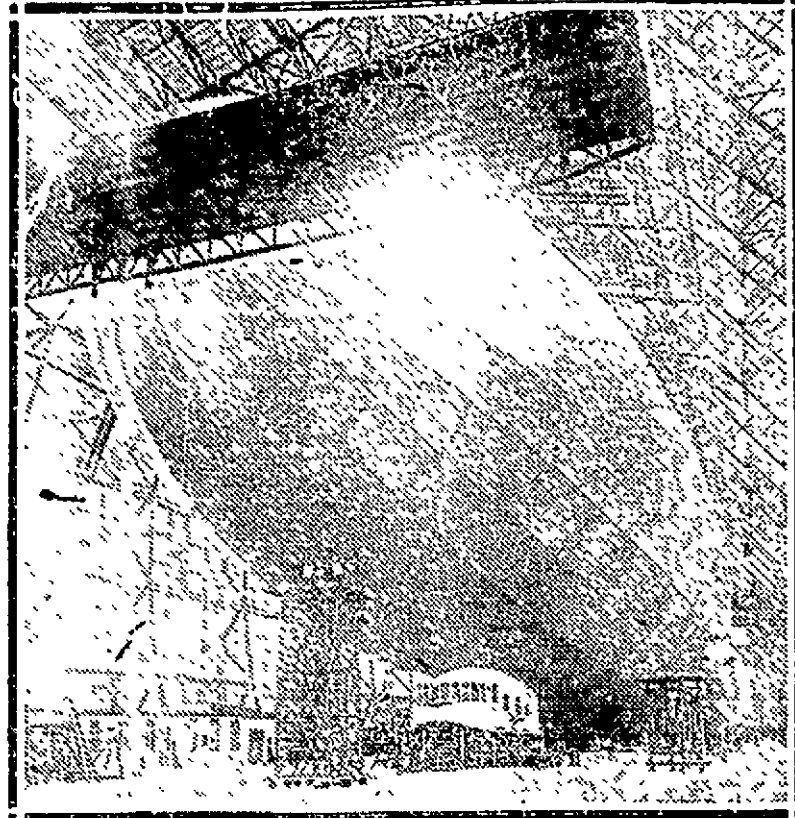

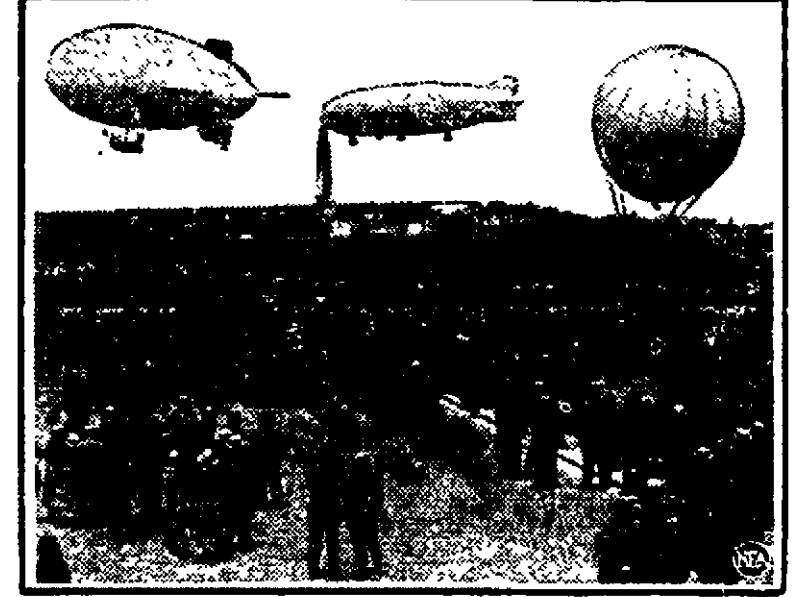

Photo shows the U. S. S. Submarine S-1, with the new type of navy plane on deck. This seaplane is carried by the sub and can be hoisted on deck and assembled in a few minutes. After scouting the plane can return to the sub and stowed away in such a way as not to interfere with the sub operating submerged.

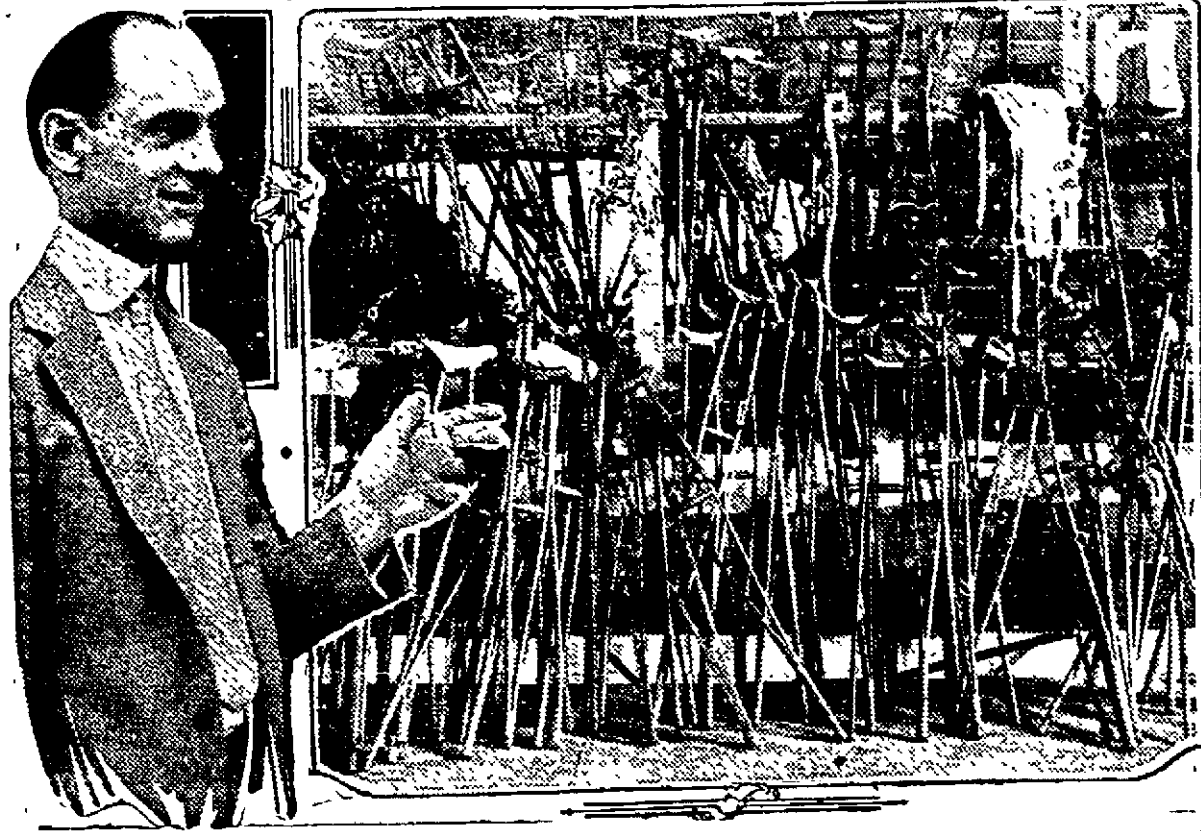

Here's the latest picture of America's newest and biggest fighting balloon, now completed. It is the ZR-3, now receiving its final tests in the Zeppelin factory, at Friedrichshafen, Germany. It soon will set out on its flight to this country.

Funny looking outfit this man is wearing. It's a new life preserver for army and navy aviators flying across water. And the man who has it on is one of its designers, R. C. LeVan of the equipment section at McCook Field, Dayton, O. The suit is lined with padded kapoc, a French material that is much lighter than water.

Interesting assortment of balloon types gathered at Lakehurst, N. J., (Note the giant Shenandoah, at her moorings, while a blimp sails by and an observation balloon is ready to go up.)

Houston, Tex., is "getting religion" on a wholesale scale. Every night Rev. Raymond T. Richey, "healing" evangelist, is crowding a tabernacle that seats 5000 persons. Hundreds have been "converted," and hundreds more say they have been "cured" of physical disabilities. Cripples declared their limbs have been made strong again; the deaf assert they hear again. And there is up near the platform a great stack of crutches and braces left behind by those who have been "cured," as the photo on the right shows.

Japanese insurance companies have decided to pay 10 per cent of the fire insurance claims arising from the earthquake in Tokyo and Yokohama last September, although the policies contained clauses exempting them from earthquake losses. Thousands of policy-holders are besieging the offices now for this "sympathy money" as it is called. Here is a scene in the headquarters of the Meiji Assurance Company on the day payments began.

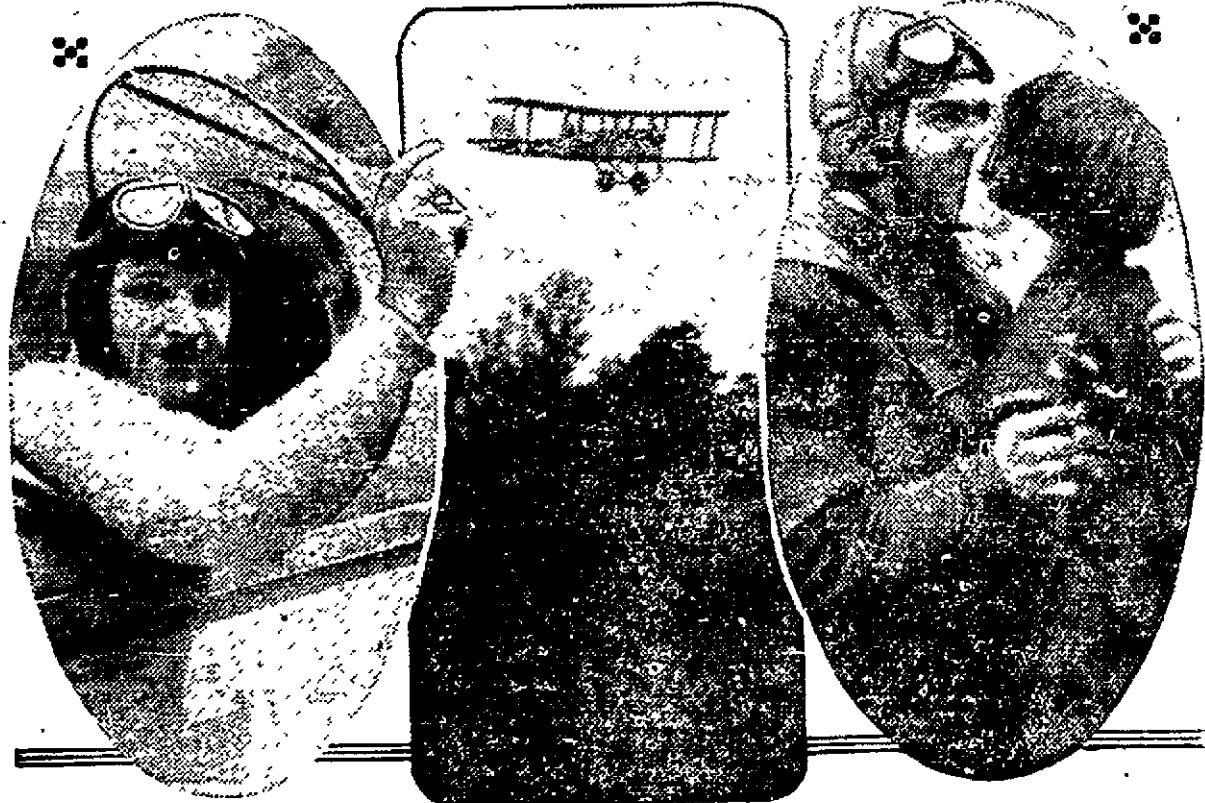

Baby Jean Margaret MacDonald, six-month-old grandchild of England's prime minister, and her father Alistair MacDonald, second son of Ramsey.

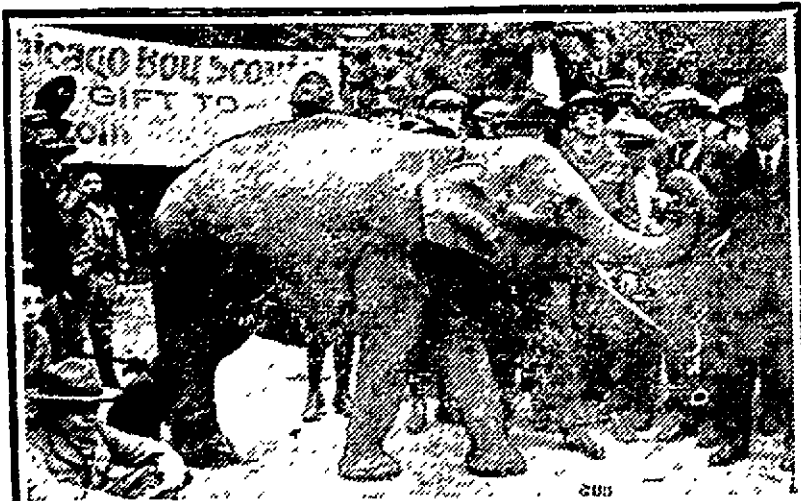

Cadets at Virginia Military Academy think Agnes Towers of Jacksonville, Fla., is the prettiest girl they know. They have adorned the "beauty page" of their annual, "The Bomb," with her picture.

How many times, in the course of a time-limit pay phone call have you been interrupted by a sweet voice saying, "Time's up, another nickel, please?" By the time the nickel is produced the call frequently is "gone." The sand dial attachment, here shown, is expected to help out in this situation, for it takes just five minutes for the sand to run through and the phone user can watch his minutes slipping by.

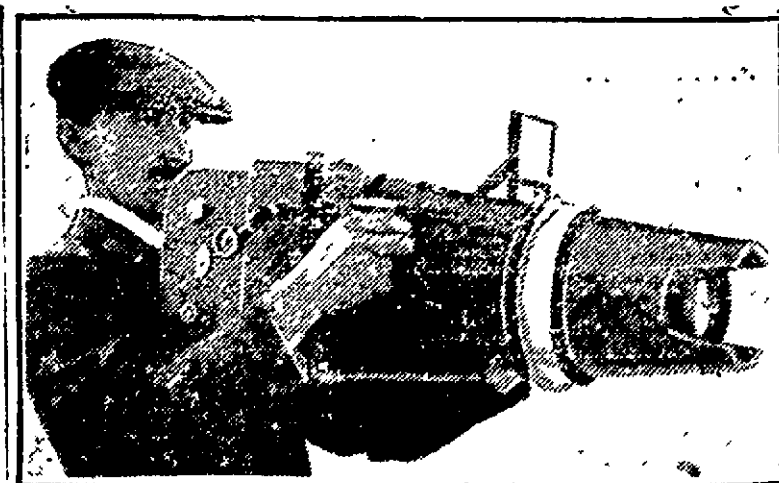

Here is the brief picture story of the first transcontinental airmail flight, that latest chapter in the many romances of the air now being written. Messages now cross the nation in 36 hours, or thereabouts. Mail posted in New York at 8 A. M. will be delivered in San Francisco the following evening. On the left is shown Pilot in New York taking off from San Francisco, bringing in his mail pouch this picture of himself taken and developed on the field before he started. At Cleveland the Pilots were changed and Pilot Wesley L. Smith is shown (center) winging his way to New York and at right being greeted by his wife at the end of his history-making flight.

Chicago boy scouts are presenting their city with a new elephant. The beast will replace the deceased "Duchess" for years in Lincoln Park Zoo. The scouts are raising the money by selling "shares" at 50 cents each.

This modern Androcles, attempting to soothe the lion's pain, is having a little harder time of it than the chap that removed the historic thorn from a lion's paw. However, the lion will probably be quite grateful when it is all over. It's no easy job being dentist to a lion as the picture shows. It is necessary to hold open the jaw with a rope. The photo was secured at the Bronx Park (N. Y.) Zoo.

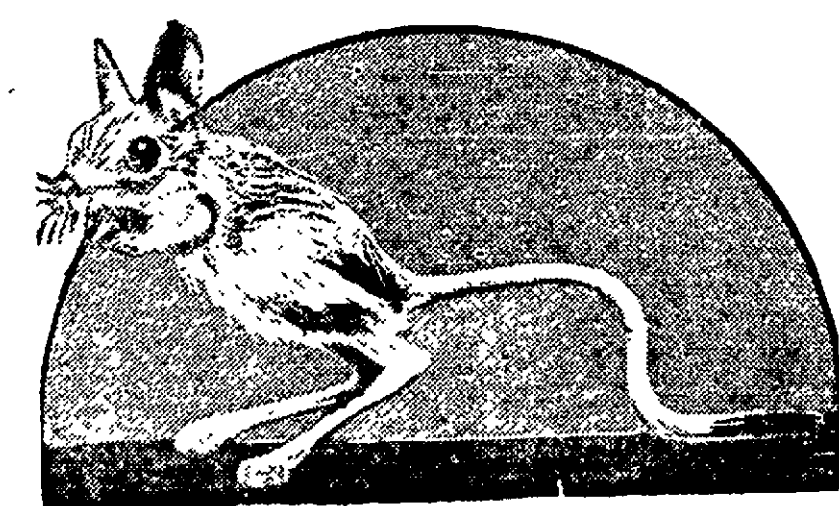

Captain A. W. Stevens, famed aerial photographer and his "six-mile camera," for long distance shooting which will be used on the Hamilton Rice expedition which will go 3,000 miles up the Amazon river.

All marriages of young millionaires and musical comedy ladies don't go on the rocks. As witness Margaret Merle, who was "Mitze" in "Blossom Time" when she met Vernon McMillan, scion of one of the most prominent families of Atlanta, Ga., and became Mrs. McMillan. She can play the domestic scene as well as anybody.

Announcement that he was a great-grandfather came to William Jennings Bryan in the midst of convention turmoil. Here are Mr. and Mrs. Wm. P. Meeker, the happy parents. Mrs. Meeker is Bryan's grand daughter.

This is Mr Jerboa, from the land of King Tut, who has just taken quarters in the Bronx Zoo, New York. There are but three of his kind in captivity. He's really quite a frisky and thereby hangs a tale. For, thanks to this tail, and spring-like hind legs, he can stay in the air almost as much as a bird. He is commonly known as the "leaping field mouse of Egypt."

In this interesting and picturesque character study appears Hudson Max-um, high priest of coffee brewing, inventor and picturesque public figure, as he appears over his percolator. It was posed for Ray Foster's "Celebrities."

Mrs. Lois Garret Griffen passed up her husband and a host of other men seniors when she graduated from the College of Law, University of Iowa. She obtained the highest grades made there in years winning practically every prize the law school annually awards. She and her husband, Charles Griffen, expect to hang up their shingle in Sioux City, Ia.

# GRUNDEMANN BEST RIFLE SHOT IN CAMP; BOYS WANT MAIL

Appleton Commander Will Try for Place on Camp Perry Rifle Team

Camp Douglas — Captain E. F. Grundemann, commanding Co. D of the 172nd Infantry led all the men entered in the regimental rifle shoot which ended Thursday at Camp Douglas, making 291 hits out of a possible 300. He is one of the ten men who will try for places on the rifle team which is to be entered in the national rifle shoot at Camp Perry, Ohio, in August.

The ten high men of the regiment are: Capt. Grundemann, company D, Appleton, 291; Maj. Schmidt, Manitowish 283; Capt. Lindsay, company A, 280; Private Lettenger, company E, Marinette, 274; Lieut. Nemetz, company E, Manitowish, 272; Capt. Reinhardt, company F, Sheboygan, 269; Lieut. Miller, Rhinelander, 268; Sergeant Rhode, company C, Oconto, 267; Lieut. Ehrn, company F, 266; Sergeant Harder, company 1, Neenah, 266.

Members of the Appleton company are complaining because of the scarcity of mail. They have united in a plea to Appleton young women to write them letters and threaten to become confirmed bachelors unless their mail is increased.

# NEENAH MARKS LANES FOR LEFT TURN ON BUSY STREET

Neenah — A system has been devised here whereby traffic delays due to autoists making left hand turns at the corner of Wisconsin-ave and Commercial-st are reduced to a minimum and through traffic can be speeded up considerably. Broad white lines have been painted on the pavement and motorists are instructed to drive accordingly. Those desiring to make left hand turns should hug the lines near the center of the street, giving through traffic a chance to go by upon their right. The lines also denote pedestrian lanes across the streets and those on foot are being instructed to proceed with the traffic thus making crossing the street less dangerous. The automatic stop and go signal placed at the corner is working out satisfactorily.

# CITY DISSATISFIED WITH STREET SIGNS

Metal Standards Are Not Up to Specifications and May Be Returned

Another delay in the installation of the four-way metal street name signs for Appleton's street intersections is foreseen because dissatisfaction with the signs which arrived a few days ago.

The city ordered approximately 800 signs from the Union Iron Products Company, East Chicago, Ind., several months ago. When the signs arrived, city officials found no fault with the name plates but on weighing the metal standards found them to be under weight.

The posts are ten feet high and should weigh 7½ pounds to the foot, according to city officials, but the posts that were sent averaged only 50 to 60 pounds, of 5 to 6 pounds per foot. Some weighed as low as 42 pounds.

It is probable that the posts will be returned and returned to the manufacturers to have the mistake rectified.

# TOURISTS ENDANGERED BY TERRIFIC WINDSTORM

Mr. and Mrs. John Dengel and family and Miss Mary Saem who have been taking a trip through the south were caught in a 55 mile gale, last Wednesday night. Two cars were damaged at the camping grounds and one of the Dengel cars was damaged by a tree that fell on the tonneau. Mr. Dengel's son was sleeping in the back seat, but was uninjured. The tree also hit the tent and Mrs. Dengel was so frightened that she took the children into the two cars until the storm was over.

# PAPERMAKERS SWAMP CHAIRS, 8 TO 3, IN OPENER

## Stack And Stumpf Pole Fourbaggers And Marty Lamers Gets Four Hits

Gottsacker Replaces Buster Braun Who Is Out With Injured Hand and Appleton Profits By Change.

Eddie Stumpf and Eddie Stack Sunday afternoon helped put their game on ice, 8 to 3, at Sheboygan when each slammed a homerun over the leftfield fence and Marty Lamers did his little share by making four hits in five times up, one of them a three-bagger and another good for two stations. Red Smith and Bergerino also hit safely twice and with the exception of Sylvester, every man on the Papermakers lineup got to Gottsacker's hands at least once during the game. Buster Braun was out with an injured hand after busting the face of a "friend" last week. Eddie Stumpf hit into three double plays during the course of the play, and the Lamers brothers with Ambly Weisgerber's help completed one which showed that they were on the job also. Kober, the Chair's backstop, presented the Papermakers with three runs in the seventh when he dropped Marty Lamers' foul fly, prolonging Lamers' stay at the plate long enough for him to slap out a threebagger which sent Bergerino home ahead of him. Marty then scored on Eddie Stumpf's circuit clout. Approximately 2,000 fans saw the game, 50 of whom had followed the Appleton team.

**CHAIRS TAKE LEAD**  
The Chairs drew first blood in the fourth. Wangemann went to first when Stack hit him with a pitched ball and Bartenz made a pretty sacrifice which sent him to second. Kober walked and Peebles swung at three bad ones. Wilke, after taking three balls and a couple of strikes, swung halfheartedly at another bad one but Umpire Herr called it a ball and gave him life. Gottsacker followed with a single which sent Wangemann and Kober home and Brienmaier ended the inning by striking out. Herr took a lot of razzing on this play and a number of others and the crowd was entirely unsympathetic when he was hit by pitched or batted balls which happened four times.

**PAPERMAKERS RALLY**  
The Sheboygan lead was shortlived, for in the fifth stanza Red Smith started the slaughter with a two base hit over second, reaching that station by a perfect slide. It looked bad for a few minutes when Ted Lamers fled out to left field and Ambly Weisgerber swung three times, but Eddie Weisgerber helped things along with a safety which sent Red home. Eddie Stack slapped a fast grounder to Wangemann at third who booted it and thereby put Stack safely on first. Bergerino's single filled the bases and Marty Lamers poked a two-bagger deep into right field which accounted for three runs. Marty died on second when Stumpf fled out to the left garden, but the Papermakers had two run lead.

The next inning was uneventful although Kober reached third on a couple of hits. The seventh was disastrous for the Chairs. With one down Eddie Stack took first on balls, but was forced out at second when Bergerino hit to short. Peebles was a bit slow to make it a double play and Bergerino easily reached home on Marty Lamers' third hit, a three bagger. Then Eddie Stumpf poked his circuit clout. Sylvester fled out to centerfield and the side was retired. Sheboygan threatened a rally in the second half of the inning. Brienmaier took first on four balls. Dillman's sacrifice sent him to second and Wilson's safety scored him. Wangemann fled out to Red Smith in the right garden. Bartenz offered Ambly Weisgerber a hard chance to retire the side when he popped up a fly to the dug-out but Ambly dropped it after making a fine run and getting it in his hands, and Bartenz took advantage of the fresh opportunity to pole a single which sent Wilson to third, and reached second on the following play. The Chairs were unable to carry their rally farther when Kober bunted to Stack and was beaten to first by the throw.

**STACK SLAMS HOMERUN**  
Peebles led off for Sheboygan with another safety in the last of the eighth, but Wilke hit into a double play. Ted Lamers to Marty to Ambly Weisgerber and Gottsacker's grounder found a berth in Marty's mit who shot it to first.  
After Stack led off with a homerun over the wall of the left garden Brienmaier spoiled what might have been a two-bagger for Bergerino by a brilliant catch in the center garden in the final inning. Then Marty got a fluke hit which looked easy when it left the bat but hit a pebble in front of Bartenz's feet at first and bounded off at right angles. The side was retired without further scores when Stumpf hit into his third double play. Peebles to Dillman to Bartenz. Pings fled out to Stumpf. Sheboyganites to fielding sent three Sheboyganites to "without a hit in their half of the inning and the game was won.

## Ruth Boosts Johnson As Ideal Hurler

New York — "Walter Johnson is the ideal," pitcher says Babe Ruth, baseball's greatest slugger.  
Prior to his reign as the "King of Swat," Ruth was the premier south-paw pitcher of the American League. All of which qualifies him as an expert in judging pitchers.

## Diamond Siftings

Eddie Stumpf showed himself a valuable acquisition to the Appleton Baseball club Sunday when the Papermakers defeated the Chairs for the second time this year. Besides accounting for two runs with his circuit clout, his peppy comments put life into his mates which enabled them to put up a brilliant game. Eddie was unfortunate in the matter of hitting into double plays. He started three of them.

Eddie Stack helped win his own game with a homerun over the left Garden wall. Eddie hasn't been hitting often recently, but when he does he makes it count. One reason for this may be that he is slow on his feet and has to hit hard even to reach first. He allowed eight hits Sunday and added five victims to his string of strikeouts.

Gottsacker is little known as a State league pitcher but looks like a corner. He sent seven Papermakers to the bench with his speedy twisters at Sheboygan. The Sheboygan fans appeared to favor him judging from the cheers which greeted his efforts and probably he will be offered more opportunities to show his stuff hereafter.

Buster Braun was unable to take the mound because he hurt his hand in an encounter with an undesirable acquaintance during the week. His hand was in bad shape but according to Sheboygan accounts of the fight the last seen of his "friend" was a streak of dust outward bound.

Marty Lamers has started a batting "spree" which may bring him to the top of the league. Sunday afternoon he poked two singles, a two-bagger and a threebase hit in five time at bat. Last week he slammed out two of the four hits registered by the Papermakers against the Palls. His work at second is much better than he used to do at third and it looks as though he has found his place.

State league fans indicated their approval of the recent change in the membership of the loop by turning out in larger numbers Sunday than they have been previously. Approximately 2,000 of them cheered and howled throughout the Sheboygan contest, and the Appleton team was backed by more than 50 of its own followers.

## BILL TILDEN DEFEATS KINSEY IN SINGLES TILT

Skolde Country Club, Glencoe, Ill. —William T. Tilden, world's champion tennis player, won the Illinois state singles championship Sunday by defeating Howard Kinsey of San Francisco, 6-1, 6-6, 6-4, 6-3.  
great speed as a pitcher, when as a matter of fact he is the most finished all-round performer in the major leagues.  
"With his speed, Johnson has a fine curve, a good slow ball and a great change of pace. That's enough for any pitcher.  
"Incidentally, Johnson is probably the best fielding pitcher in the American League. Washington has five infielders with him working.  
"Unlike most great pitchers, Johnson is a fine batsman. He hits 'em hard and is dangerous in the pinch.  
"The overages show him around the 300 mark.  
"That is why I call Johnson the ideal pitcher. He can do everything well."

## YANKEES COP TWIN BILL FROM TRIBE, AS DETROIT RESTS

New York Giants Bow to Cincinnati, 5 to 2, When Rixey Squelches Rally

New York—Boston's Sunday blue law helped the Yankees to steal a march on Detroit by copping a doubleheader from Cleveland while the Tigers were forced to twiddle their thumbs in the Hub. The result is that New York Monday faces Cobb's climbers in the first of what promises to be "rip-snorting" series with a lead of a game and a half. Washington also took advantage of the Junglers' idleness to advance to within one game of the second placers.

The first Cleveland-New York game was a real battle until the eighth inning when the Yanks scored two runs and practically clinched the victory, the final score of which was 4 to 1. In the only American league contest Washington snatched a 5 to 4 triumph out of St. Louis' grasp with a ninth inning rally. W. J. Johnson had to retire under fire in the eighth, and Russell, his successor, got credit for the victory.

Eppa Rixey arrived on the scene just in time to squelch a last minute New York rally and the Giants bowed to Cincinnati by a score of 5 to 2. Chicago trampled the downtrodden Braves still deeper into the dust and incidentally decreased the Giants' lead to seven games with the 7 to 4 win over the Bean Eaters. Hartnett's two homers and Adams' fielding and steal of home featured.

By gaining an even break with St. Louis in a twin bill, Philadelphia crushed the dangers of the cellar to the comparatively bright sunshine of seventh place which they share Monday with the Braves. The Cards won the opener, 7 to 4, and the Phillies came back in the second with a 3 to 2 win. Cy Williams hit his tenth homerun of the season in the first half of the first inning.

The teams meet for the second time, the Lions having beaten their opponents, 20 to 9, in the previous contest which lasted seven innings in a steady drizzle of rain. The Ad club has yet to climb into the wh column and was planning on accomplishing that feat Monday. If the Publicity Experts succeed in their efforts they will shunt the Lions from a second place into third place in favor of the Rotarians.

## Yankee Athletes Win All Events On Sunday

Paris—The stars and stripes ruled Paris Sunday when American athletes, showing off for the large Sunday crowds, won every event on the Olympic program.  
Two more tennis titles went to a son and daughter of Uncle Sam when "Little Poker Face" Helen Wills crushed Mlle. Vlasto of France in the championship match, 6-2, 6-2, and Vincent Richards defeated Henri Cochet of France, 6-4, 6-4, 5-7, 6-2. America now holds three of the five Olympic tennis titles. Miss Wills and Miss George W. Wightman won the women's doubles championship yesterday.

America also clinched the title in the mixed doubles, both American teams winning their semi-final matches. Mrs. Marion Zinderstein Jessup and Richards defeated Miss Timmer and Boumann of Holland, 6-3, 6-0, and R. Norris Williams and Mrs. Wightman defeated Miss Kathleen McKane and J. Brian Gilbert of England, 2-6, 8-6, 6-1.  
**30 POINTS FOR AMERICA**  
At the end of the day the standing nations were America, 30, which is 10 points for each of the titles, France, 20; England, 13; Italy, 3.  
But more remarkable was the showing of the American swimmers in the final events Sunday. Six were won by the American men and women. There were only six events on the program.  
In addition to sweeping the pool, the swimmers established two world records and one Olympic record in the four events in which records are possible. The other events were plain high diving for women and fancy high diving for men which only went to Uncle Sam but saw five of his entries in the first six places.

**RELAY RECORD FALLS**  
The first world record fell when the American 800-meter relay team, composed of Weissmuller, Breyer, O'Connor and Clancey, finished far ahead of the closest competitor in 9:33.25.  
Sybil Bauer of Chicago turned in the other world record in winning the 100 meter backstroke in 1:23.1-8. The new Olympic record was set by Johnny Weissmuller, who won the 100 meter free style in 59 flat. Miss Ethel Smith of Cairo, Ill., won the women's high diving contest, with Elizabeth Becker of Atlantic City second and Helen Meany of New York fourth behind Miss Tope of Sweden. Albert White, Dave Fall and Clarence Pinkston, all Americans, finished one-two-three in the men's high diving contest. Mariechen Wehselau of Hawaii and Gertrude Ederie of New York finished behind Miss Lackle in the women's 100-meter free style, and Duke and Sam Kahanamoku were right behind Weissmuller in the men's division of the same event.

Miss Harding of England made the best showing of the swimmers other than the Americans. She was second to Miss Bauer in her record breaking backstroke performance. Alleen Riggin of New York was third.  
When the ripple had stilled on the Olympic pool America was far out in the lead with 217, considerably more than all the other nations of the world had been able to score between them: Sweden was second with 58, England third with 50, Australia fourth with 35, France fifth with 17 and Belgium sixth with 13.

**SUNDAY'S RESULTS**  
APPLETON 8, SHEBOYGAN 3.  
Nee-Menasha 3, Oshkosh 2.  
Green Bay 8, Fond du Lac 1.

Green Bay, Nee-Menasha and Appleton Sunday afternoon made a new start in the reorganized Wisconsin State Baseball league by defeating their rivals, Fond du Lac, Oshkosh and Sheboygan respectively, and thereby established a triple tie for first place. With the exception of Sheboygan which was thought to have the edge on the Papermakers in pre-game odds, the clubs ran true to form. Oshkosh gave the Palls a closer than the Rushites had looked for and effectively killed rumors regarding a breakup in the Tribe.

Next week the Appleton club meets an invasion of the Palls at Brandt park on which occasion the Nee-Menasha outfit will bring all its guns to bear in an attempt to offset defeats by the Smithmen scored before reorganization of the loop.

Use an enameled fly line with the pump pole—about size "G" will be correct. Run this line through the guides and the tip-top and then fasten a weighted hook—weedless preferred—at the end. And now, for the lure—hite secret of the pump-pole's popularity—a little hopper or green back, grass frog. After you have secured the grass around shore or moved a couple of boats at the landing, you'll probably see him looking up at you, ready to be picked up and after securing Mr. Hopper take a piece of old line or string and tie it around his body, behind the forelegs and just tight enough to hold, giving the little fellow breathing space. You may need help to do this but if you hold the frog's hind legs between your knees, your hands will be free to fasten the string. After you have him tied securely run the point of the hook through his lower and upper lips and take ends of the string protruding from under him and tie to the bend of the hook; this is to keep him from tearing off while throwing the bait in a likely spot.

Presuming you are sitting in a boat seat facing the bow, grip the pole with your left hand, raise your second finger and place the line under that so you can exert pressure on it.

base because of interference on the part of the catcher, is it charged as a time at bat?  
**ANSWERS**  
1. The batsman is charged with a time at bat and credited with a base hit when a batted ball comes into contact with a base runner before any play has been made on said ball.  
2. Six hits can be made in one inning, without any runs being scored, in the following manner: First batter triples and is out at the plate trying to stretch it into a homer. Second batter has the same experience. Next three batters single, filling the bases. Sixth batter grounds to the infield and base runner is hit by batted ball, making a hit for the batter. Six hits, no runs.  
3. The batsman is not charged with a time at bat when granted first base because of the catcher's interference.

## GREENVILLE BEATS DALE IN HARD TILT

Nixon Allows But Two Hits and Dale cores Run on Brace of Errors

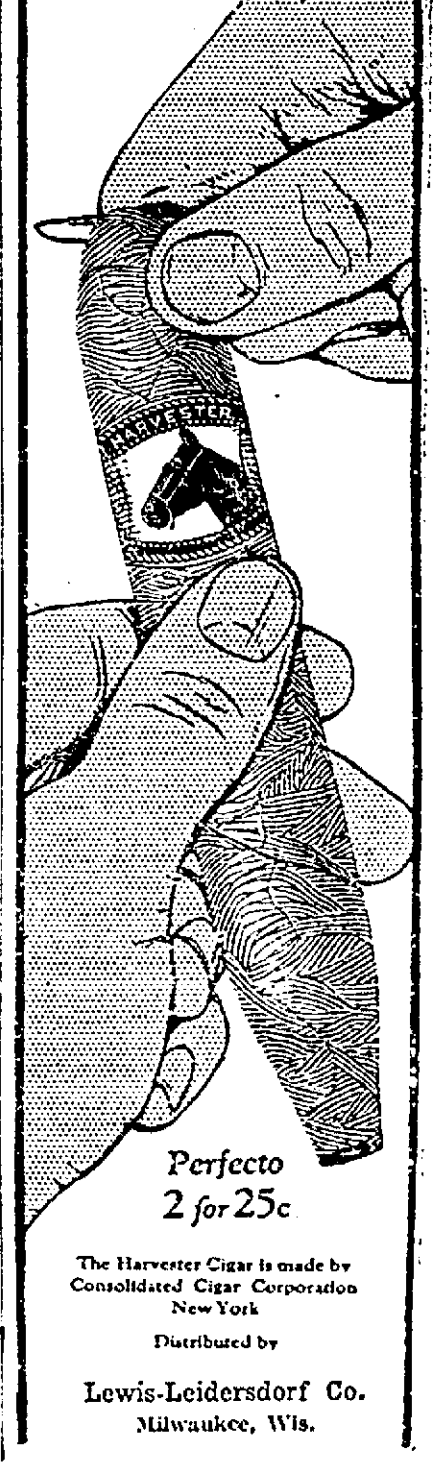

Greenville Grangers Sunday afternoon scored a second victory over the Dale Independents, 6 to 3, on the Greenville grounds when Nixon allowed but two hits and sent 16 men to the bench by the strikeout route. The Daleites got their two hits in the first inning. W. Dietzler made the apple for four stations sending Dietzler home ahead of him. A couple of errors in the eighth gave the invaders their third run.

Schohl allowed 11 hits and struck out 7 men. The home team came back in its half of the first with three hits, one of them for three bases. L. Pingle poked the extra base hit and thereby scored two runs. E. Woods and E. Erickson came across with two-baggers.  
The Grangers will be idle Sunday. The score by innings:  
Dale 2 0 0 0 0 0 1 0—3  
Greenville 2 0 0 0 2 0 1 0—6  
Batteries: Dale—Schohl and P. Dietzler; Greenville—Nixon and Knutson.

## POST-CRESCENTS BATTLE KIWANIS, HOMEBREWERS

Post-Crescent Printers Tuesday afternoon will battle the Kiwanis club of the Lark league and the Sixth Ward Homebrewers in a doubleheader scheduled to start at 5 o'clock. The Homebrewers are the only team able to boast a victory over the In-lingers and the Kiwanis lead the Lark league. Both of the games are expected to be close and fast and the Printers will have their hands full.  
The enameled line should then be coiled on the bottom of the boat so it will run freely and you are fixed for the first attempt.  
To cast the bait pull the line up so that the frog hangs about two feet from the top and hold it in that position, then swing the rod to one side about 45 degrees and in a circular movement of the tip bring it forward, and as the bait swings out release the tension on the line and let it go as far as it can or, you can stop it in a likely looking spot by gripping the line.

## Variety Of Cookery Is Possible If Casserole Is Used By Housewife

Do you realize and make use of the economy and convenience of your casseroles and baking dishes?

In choosing a casserole be sure that the cover fits tightly and has a large enough knob on top to enable you to get a firm hold without danger of burns.

For everyday use I like the casserole made of a vitrified product with a ducky, clubby handle on one side of the dish and a substantial knob on the cover. These are light to handle and as easy to wash as glass and much less expensive. They are attractive in the plain, sturdy fashion and add to the hominess of the dinner table.

A reasonable amount of thought should be used in the handling of casseroles. They should not be subjected to too great and sudden changes of temperature. For instance, when removing a casserole from the oven it's hardly advisable to put it in a cold sink to cool. Nor should it be placed directly over a gas flame to quickly melt fat or butter.

There is nothing new about casserole cookery, but the variety of foods that can be cooked this way grows all the time with experimentation. The old-fashioned bean pot is nothing more nor less than a form of casserole.

The joy of having a vegetable in its sauce or a meat in its gravy all ready to serve means so much at the last minute of "taking up" when preparing a meal that this simple expedient is well worth while.

### ONIONS IN CASSEROLE

Sixteen small silver-skinned onions, 2 tablespoons butter, 2 tablespoons flour, 1/2 teaspoon salt, 1 1/2 cups milk, 1/4 teaspoon pepper.

Peel onions under cold water. Drop in boiling water and boil 15 minutes. Drain and put in a well-buttered casserole. Melt butter, stir in flour, slowly add milk, stirring constantly, season with salt and pepper and cook until thick and smooth. Pour over onions, cover and bake 30 to 45 minutes in a moderate oven.

You will like this dish better than the creamed onions cooked over the fire and you will like serving them without making the sauce at the last minute.

### ROUND STEAK EN CASSEROLE

Trim steak and cut in pieces for serving. Roll in flour seasoned with salt and pepper. Fry brown in hot fat, first on one side and then on the other. Remove to casserole. Make a brown gravy in the pan in which the steak was browned. Pour gravy over meat and cook in a moderate oven for 45 minutes.

To make a brown gravy—Add one tablespoon flour to one tablespoon fat. Stir and cook until flour browns. Then slowly add one cup water, stirring constantly and cook until thick and smooth. If more gravy is needed increase the amount of ingredients proportionately.

### HAM EN CASSEROLE

Four potatoes, 2 onions, slice ham cut 1 1/2 inches thick, ginger, mustard, pepper.

Paré potatoes and slice very thin. Put in casserole. There should be enough potato to more than half fill the dish. Sprinkle lightly with salt and pepper. Add onions peeled and cut in very thin slices. Season with pepper. Let ham stand in water for an hour. Drain and put on, onions. Sprinkle with a tiny pinch of ginger and mustard. Cover and bake one and one-half hours in a moderate oven.

"Poor Man's Pudding" is an old-time dish that was cooked in the oven.

### POOR MAN'S PUDDING

Four cups milk, 1/2 cup rice, 1/2 teaspoon salt, 1 cup sugar, 1 tablespoon butter.

Put cold ingredients into a buttered casserole and put into the oven. Stir often while the rice is swelling. When mixture reaches the boiling point reduce the heat and cook slowly for two hours. The pudding should be smooth and creamy when done and should be removed immediately from the oven as too long cooking will make it watery. Serve warm or cold with sugar and cream. ## FASHION HINTS

### IVORY CREPE

A gown of ivory colored crepe with black figures is fringed with ball fringe at the hem.

### NEW SHAPE FOR BAGS

The newest bags are cylindrical in shape and finished with a long tassel. Sometimes brilliants or colored stones are introduced.

### SATIN FROCKS

Satin frocks are often tailored as severely as they were of blue serge. Satin coats grow more popular daily.

### NORFOLK SUITS

The Norfolk suit in jersey, alpaca or soft tweed is much liked for sport wear.

### SLAVE BRACELETS

Some of the most interesting new slave bracelets are made of alternate links of green and white gold.

### RIFFLES

Voile dresses show a fondness for tiny ruffles, either of the material itself or of Val lace.

## Three-Piece Outfit

This very effective three-piece outfit copies the most attractive features of the peasant costume and combines them with the best lines of Paris.

The gown is a simple straightline affair with a low waistline and a pleated skirt. The long coat is much more elaborate. The pleats are held by bands of embroidery which keep the lines very straight. The embroidery is repeated on the shoulders, applied peasant style.

A collar of white rabbit fur softens the neckline and adds the bit of protection that even a summer coat should afford. The material is a crepe de chine and the embroidery is in shades of blue and orange.

## Hats Have Souls, Says Style Expert

### On This Basis Woman Builds Up Unique Buying Business for Milliners

New York — Perhaps you didn't know a hat has a soul.

That may be because you never met Anne Rowell of New York, Paris, London and any old place where women have heads and keep hats on them.

She claims it was this discovery of hers that raised her within five years from shop girl in a San Francisco millinery store to buyer for more than 50 wholesale millinery houses.

She goes to Europe and follows up every trail that leads to a hat—the shops, streets, theatres, churches and even the little remote towns where the peasants make their own styles.

On her return she puts her hats on display in her hat salons and invites the wholesalers to call one at a time with their designers and their selling force. She gives them all a talk, and lets them copy ten of her hats. By the time 50 customers of her style syndicate have seen her ideas, it is time to make another trip to Europe.

"It's a pleasure," she smiles, "and very easy to get these ideas—all because I see the soul of the hat. Most buyers see the price tag or the new trimming only."

"I keep my eyes open to the beauty in every form of adornment. I have no interest in flowers or quilts except as they contribute to beauty. Besides, looking for the soul of the hat and the instinctive thing which makes it what it is. I think of the American women who are to wear my hats and try to bring about a beautiful balance between them. This is the only talent I have and I am trying to make the most of it."

It is her fixed conviction that hats should be individual always, that since no two faces are ever exactly alike, neither should two hats ever be identical.

## Leading Roles In Opera Usually Go To Americans

### Chicago Opera Company's Policy Brings Big Success to Its Productions

Chicago—"Between artists of equal ability, the American gets the contract every time."

This policy of making the Chicago Civic Opera Company THE American company, shows itself in a roster of American-born and trained singers.

**HOME-GROWN SINGERS**  
Not only the singers for principal roles, such as Edith Mason, Louise Homer, Cyrena Van Gordon, Florence Macbeth and the Chicago-reared Mary Garden, are United States products. But also are the newer singers, the developing stars of the future.

The history of such singers shows America's earmarks in the way of graduation from state universities, singing in church choirs and teaching in small towns.

Kathryn Browne, for example never has been outside the United States. The middle-western University of Illinois was her starting point in the musical world.

"I expect to go abroad some day, of course," she says. "But I'd like if possible to show that American blood and home training can win out in grand opera. That is contrary to tradition, but I shall keep trying."

And Kathryn Melsol, who makes her debut this year, has had absolutely no foreign training. The extent of her voyaging has been to commute from her home in Philadelphia to New York for music lessons.

**AMERICANS ALL**  
Margery Maxwell went to high school in Missoula, Mont., and then to the University of Montana. Her first notice outside of her home town was when she sang as "Miss Missoula" at an Elks' state convention.

Nothing very foreign or "high-browish" about that.

Mary McCormick, who made her debut under the regime of Mary Garden, has studied and sung a bit abroad, but is as American as pumpkin pie. Florence Macbeth, who has sung widely in concert and opera here and abroad, is another of the red-white-and-blue collection.

The director of the company, Giorgio Pinco, is Italian by name and birth, but naturalized here. And if the question of nativity is raised, his wife, Edith Mason, has an answer that is a good one, even if it does reverse naturalization laws. Says she: "Of course, he's American. He married me."

## Good Manners

### CHANGING PRESENTS

It is not bad manners and it is good sense to exchange duplicate wedding presents. However, the gifts of the bride and the groom's family should never be changed unless the bride is urged to do so by the donor.

## GOING SOME!

A single pair of rats, breeding uninterruptedly and without deaths would at the end of three years, be increased to 359,709,482 individual rats.

This is a startling statement, but it is made on authority of the scientists of the United States Biological Survey.

The common mouse increases almost as fast as the rat.

These facts show why it is necessary to trap and kill rats and mice to keep them from over-running the house.

If left to themselves, they multiply, destroy food and other valuable property, and spread disease. Write today for an illustrated booklet describing the most practical household methods for getting rid of rats and mice. This is a free Government publication and our Washington Information Bureau will secure a copy for any reader who fills out and mails the coupon below. Enclose two cents in stamps for return postage. Write your name and address clearly.

Thoughts of a Warm Refrigerator—

"I'll say it's hot here in the sun on this back porch — after six months in a dark cellar. Oh, for a piece of ice! I'll have heat prostration in a minute.

"I know now why I was kept in the cellar all that time — they've got a bigger ice-box. Well, I may not hold as much ice, but I guess I'm pretty good yet. My owner brought a couple of strange ladies back here to look at me this morning. Whew! I've never been so hot in my life.

Here are two more ladies to look at me, now. H'm — one of them says I'll do very nicely. What do you think? She wants to buy me. Please buy me and fill me up with ice!

"I'm on to all this now. I heard them tell my owner they saw her classified ad in The POST-CRESCENT — that's why all these people have been coming here to look at me.

"Hurrah! I'm sold to that lady who thinks I'll do very nicely. Oh, Lady,—please give me a piece of ice!"

# FIVE SPEEDERS IN COURT PAY USUAL 'INITIATION FEE'

Appleton Man Held for Driving Car While Under Influence of Liquor

Monday morning was speeders' day in municipal court. The roundup of violators of the county and city speed laws brought five more men into court, four of them being arrested by Jack Frenzel, county speedcop, and one by Joseph Bayer, city motorcycle officer.

Reckless driving was the charge preferred by the county officer against Almond Wichmann of Center, after the latter tore at a great rate of speed through the barricades on highway 47 Saturday evening. The man denied he was exceeding the speed limits, but Judge A. J. Spencer, though ignoring the charge of reckless driving, assessed the driver \$10 and costs on the speeding charge.

Frenzel also arrested Leroy Smith of Greenville for driving at 45 miles an hour on highway 76, Oscar Adler of Appleton for driving at 38 miles an hour on highway 47, and Adolph Studler of Black Creek for driving at 45 miles an hour on highway 17. All three men paid the usual speeders' fine.

Twenty-eight miles an hour was the speed recorded against Earl Fuhrer, 330 North Division-st., by Officer Joseph Bayer. The arrest was made on College-ave Saturday. He paid a fine of \$10 plus \$3.20 in costs.

Joseph Derka, 555 College-ave, was arrested Sunday by Detective McGinnis and Officer Delton on a charge of driving an automobile while under the influence of liquor. When arrested in the custody of Sheriff Otto H. Zuehlke who was to make an effort to learn where the driver obtained his liquor.

# BOY'S ABDUCTOR HELD IN JAIL HERE

Frank Brabrandt, Arrested at Marinette, Is Returned to Appleton

Detained in the county jail since Saturday evening, Frank Brabrandt, former employee at Terrace Gardens, who was arrested in Marinette last week for kidnapping 13-year-old Carl Roemer, son of Henry E. Roemer of Appleton, is awaiting his arraignment in municipal court. On what charges he will be arraigned has not yet been determined.

Brabrandt was brought here from Marinette by Otto Wickert, undersheriff, and George Kirschenloer, deputy sheriff, Saturday after Sheriff Otto H. Zuehlke had received a message from Sheriff Dahl of Marinette, that Brabrandt was in custody. The boy, who had been held by Marinette authorities has been returned to his parents.

It is said that the abductor tempted the boy with many promises of gifts such as money, candy and a belt, also with a promise that he would take him to the cherry pie farm. He also led the boy to a stream of riding horses on a Montana ranch.

# REPLACE ST. PAUL STEEPLE CROSSES

New crosses made of copper and gilded will be erected on both towers of St. Paul Lutheran church, Morrison and Franklin-sts., according to a vote of the congregation at the quarterly business meeting Sunday afternoon. Those now on the towers have been damaged by storms to such an extent replacement was necessary.

Wood and metal work on the exterior of the church will be repainted, the parochial schoolhouse will be renovated and 15 new seats will be bought for the classrooms. Albert Voelcke, president of the church, was the chairman of the meeting.

# RETURN FROM WALTHER LEAGUE CONVENTION

Walter Voelcke left Sunday for Niagara Falls, N. Y., after spending the weekend here with his parents Mr. and Mrs. Albert Voelcke, 544 Pacific-st. Mr. Voelcke was the delegate of the eastern New York district of the Walther league to the international convention of that organization at St. Paul, Minn., and stopped over here while on his way back east. He is president of the New York district.

He was accompanied to St. Paul by his brother Herbert of this city who represented St. Paul Lutheran Young Peoples society. The latter returned as far as Cuba where he will spend his vacation from duties at the Citizens National bank.

The next convention is to be held in California, the delegates said.

Arrangements for sending a large delegation to the state convention at Chippewa Falls next month will be discussed by the executive committee of Oneida Johnson poet of the American legion at a dinner at 6 o'clock Monday evening at Grayway hotel. Delegates have been elected but effort will be made for sending a larger number.

guilty and to enter the plea of guilty for both defendants.

**YOUTHS ENTER SMILING**

The youthful defendants, only slightly wim from their incarceration in jail, greeted their attorneys with smiles as they entered the court and calmly affirmed the plea entered in their behalf by Mr. Darrow. Leopold was called first to the bar of the court and asked this question: "Knowing that the court may sentence you to death, to imprisonment for life or for a term of years, do you still desire to plead guilty?"

"Yes, sir," was the response.

The statement of the state's attorney after the morning's proceedings follows:

"There was nothing left for Loeb and Leopold to do but plead guilty. The proof was so overwhelming that no jury could return a verdict except one of guilty."

"The crime was so coldblooded, premeditated and atrocious that no jury could fix any other punishment except death. There is only one punishment, that is death, and I shall insist on the extreme penalty as to both of them."

# ADD LARGE NUMBER TO MT. OLIVE ROLL

Church Also Makes Payments of \$2,000 on Its New Building

More than 60 persons were added to the rolls of Mount Olive Evangelical Lutheran church by vote of the congregation at the quarterly business meeting Sunday afternoon, and considerable financial progress was shown in reports presented there.

Payments aggregating \$2,000 were made on the new building during the first six months of this year, according to the financial summary. It was announced that almost all of the holders of bonds amounting to \$50,000 on the building will renew them at expiration Dec. 1.

Robes are to be purchased so the church can have a vested choir if the singers will agree to wear them, the congregation decided. "No parking" signs were ordered for the curb space at the entrances. The pastor, the Rev. R. E. Ziesemer was granted a vacation of six weeks.

G. D. Ziegler, delegate to the recent meeting of the North Wisconsin synod at Manitowoc, gave a report in which he indicated that \$200,000 out of \$300,000 needed to meet the year's obligation had been raised. It will require gifts averaging only \$3 a member to complete the fund, he said.

## WHOLESALE DISMISSALS CUT GERMANY'S PAYROLL

Berlin.—Twenty-five per cent of the federal employees of Germany have been "laid off" since April 1, in accordance with the economy program embarked upon by the government. Previous to that date the civil service payroll showed \$25,355 officials, 60,747 office employees and 705,512 manual workers. Of this number 134,507 officials, 30,217 office employees and 232,134 workers have been dismissed. Besides 1,114 occasional employees working on commission were taken off the payroll.

The government estimates that this reduction means an annual saving of 15 per cent of the federal budget. The people hardest hit by the retrenchment order were married women, whose husbands have jobs were given notice of termination of employment.
